

## COVID-19 CUSTOMER STATEMENT (Updated August 18, 2021)

Your safety and wellbeing remain top priority to us at Veridian Homes. We are following recommendations put forth by the CDC and Public Health Madison & Dane County and continue to monitor the spread of COVID-19. We ask that you abide by our policies, as outlined below, out of respect for our team and our customers.

### WHAT TO KNOW IF YOU PLAN TO VISIT OUR DESIGN STUDIO OR OUR OPEN HOUSES.

Everyone, age 2 and over, regardless of vaccination status, is required to wear a mask or face covering and continue to maintain physical distance throughout the entirety of their visit with us.

Upon entry to any Veridian Homes building (Design Studio or Open House), all individuals are required to sanitize their hands.

If you are planning to visit our Design Studio or Open Houses, we ask that you only enter the building if you can answer "No" to the following questions.

1. In the past 14 days, have you, or anyone in your household, or anyone with whom you have been working or socializing with, been diagnosed or exposed to COVID-19? Or are you or anyone in your household awaiting results of a COVID-19 test?
2. Within the past 14 days, has a public health or medical professional told you, or anyone in your household, to self-monitor, self-isolate or self-quarantine because of concerns about a COVID-19 infection?
3. Do you, or anyone in your household, have any of the following symptoms that are not caused by or related to another condition? (1) a fever or chills, (2) cough, (3) shortness of breath or difficulty breathing, (4) fatigue, (5) muscle aches, (6) headache, (7) recent loss of taste or smell, (8) sore throat, (9) congestion, (10) nausea or vomiting, and/or (11) diarrhea?

For the safety of our team and other guests, if you do not feel well at your time of visit, we ask that you reschedule your appointment.

Should you need to self-quarantine, or simply wish to work with us remotely, our Sales, Design and Construction team members will work with you to ensure a smooth virtual process.
